**ATTENTION: WATER CUSTOMERS**

**RE: INGERSOLL STREET - HYDRANT FLUSHING**

---

This is to inform you that Oxford County and a contractor plan to flush water from hydrants near the intersection of Ingersoll St. South and Thomas St. to test fire flows in the Ingersoll water system.

**The hydrant flushing is scheduled for Thursday November 18 between the hours of 8:30 am and noon.**

While the flushing is occurring your water may become discoloured and residents should minimize use of the water. If you notice discoloured water, an outside tap or a laundry tub faucet not connected to a water softener or filter should be turned on in order to flush the water from your plumbing.

The water is tested regularly in accordance with the Safe Drinking Water Act and there have been no health concerns identified. If you have any questions please contact Todd Gregg, Water-Wastewater Coordinator at 519-539-9800 ext. 3129.

This notice issued November 10, 2010.
