

King Street West Reconstruction (from Ingersoll Street South to Merritt Street)

NOTICE OF PUBLIC INFORMATION CENTRE

AECOM Canada Ltd. has been retained by the Town of Ingersoll to provide engineering services for the design and inspection for the reconstruction of King Street West from Ingersoll Street South to Merritt Street. Tender award is being completed with Ingerwood Construction Ltd of Woodstock. The project will include replacement of watermain, sanitary sewer, storm sewer, asphalt, sidewalk, curb and gutter. Other work will include some road widening and improvements to the King Street intersection with Whiting/Charles Street. A portion of a redundant/twinned sanitary sewer along Whiting Street from Frederick Street to King Street will be abandoned.

A Public Information Centre (PIC) will be held on Wednesday, July 14, 2010 from 4:00 pm to 7:00 pm at the Council Chambers located at 130 Oxford Street, 2nd Floor, in Ingersoll, Ontario. Public consultation is being completed at this time to obtain any concerns with private property (ie schedule, drainage, access, driveway ramps, etc.). Design drawings will be displayed and Town, Consultant and Contractor staff will be in attendance to answer questions on a one-on-one basis.

If you have any questions or require further information on this project, please contact either of the following individuals:

Mr. E.R. (Gene) McLaren, C.E.T.
