

COUNTY OF OXFORD
Municipal Class Environmental Assessment
Town of Ingersoll – Water & Wastewater Operations Facility

NOTICE OF COMMENCEMENT

The County of Oxford has initiated a study to determine the preferred location of a new water and wastewater operations building in a manner that is economically and environmentally sound and sustainable. The proposed building will house material, equipment & staff associated with the operation and maintenance of County Water Distribution and Wastewater Collection systems. The study will consider existing operations facilities as well as constructing a new building on County owned land at 59 McKeand St.

This project is being planned under **Schedule B** of the **Municipal Class Environmental Assessment** process.

If you wish to comment on this project or obtain additional information, please contact:
