

Mayor Holbrough + Town Council

We live at 34 Moulton Court and our property backs onto Garnet Elliott Park and a soccer field. We have a fence at the back of our property but would like the town to put an extension on top of the fence to keep the soccer balls out of our backyard and also from coming up onto our back deck and hitting our windows. Even if the netting was like what is on the ball diamond that can be taken down when soccer season is done. The age groups that play on this soccer field think it is smart to try and hit our windows.

We called Darryl Capern last summer and he told us we would have to ask you for this to be done.

Thanking you in advance
