Re: Community Development Funding

Dear Elaine:

Please find enclosed a completed application for 2010 Community Development Funding from the Town of Ingersoll.

As always we sincerely appreciate all of the support, both fiscal and in-kind, that the Town offers to the Canterbury Folk Festival. Without your generous assistance much of what we offer to the local community and a far wider audience could not happen.

Your support last year enabled us to offer four days of special programming and a celebration of our 10th anniversary. With the number of people attending (approximately 20,000 over the four days) it proved to be a phenomenal success, and again I say would not have been such without your support.

In the past, we have asked for \$12,000. Last year your support of \$16,000 was gratefully received because of our increased budget for the anniversary four-day celebration. We are now back to our three-day festival and so this is why we have reverted to a \$12,000 request.

I hope that the enclosed attachments provide enough information, however if you require any additional information please do not hesitate to contact me and I will gladly supply whatever materials you require.

Thanks very much.

Sincerely

Ted Comiskey
Chairperson

**TOWN OF INGERSOLL
