

TOWN OF INGERSOLL

NOTICE OF STUDY COMMENCEMENT

Thames Street Bridge over the Thames River Class Environmental Assessment

The Town of Ingersoll has initiated a Class Environmental Assessment to establish a preferred plan to address the deterioration of the Thames Street Bridge over the Thames River. The scope of the Study will include replacement of the existing bridge to meet current standards.

This study is being conducted as a Schedule B project in accordance with the Municipal Class Environmental Assessment process, which is an approved process under the *Environmental Assessment Act* (September 2007). Upon completion of the Study, a Project File will be prepared for the project and be made available for public review. At this time, it is anticipated that the Project File will be made available for review by the public by March 2008.

Public input and comment are invited, for incorporation into the planning and design of this project, and will be received until 30 days after the completion of the study. Subject to comments received and the receipt of necessary approvals, the Town of Ingersoll intends to proceed with the planning, design and construction of this project, to be completed by late 2008.

If you have any comments, questions or require further information regarding the study or the Class EA process, please contact either of the individuals below:
