COVID-19: Resources for Small Business

SUPPORT FOR SMALL BUSINESS TENANTS & LANDLORDS

Ontario commercial landlords can apply for urgent rent assistance through Canada Emergency Commercial Rent Assistance for small businesses.

This initiative will keep more small businesses in operation and more people employed as the province gradually and safely restarts the economy.

The Ontario government, in partnership with the federal government, has launched the Canada Emergency Commercial Rent Assistance (CECRA) for small businesses. The province is committing \$241 million to the program, which will provide more than \$900 million in support for small businesses across Ontario during this difficult time.

To find out how much rent support you may be eligible for, visit:

The CECRA for small businesses, administered by the Canada Mortgage and Housing Corporation (CMHC), provided forgivable loans to eligible commercial landlords to help cover 50 per cent of commercial rent for tenants for the months of April, May and June 2020. The tenant will be responsible for covering up to 25 per cent of rent, so that up to 75 per cent of the rent is covered.

To receive the forgivable loan, eligible commercial landlords will be required to enter into a rent reduction agreement with their impacted small business tenants for April to June 2020, which includes committing to a moratorium on evictions for three months.
