### Contract 2 - 2022

### Paving Contract

J-AAR Excavating Ltd. of London has been awarded the above mentioned contract.

#### Paving Sites

**Mason Drive:** the contractor will be milling (removing) the existing full depth of asphalt on Mason Drive as well as completing maintenance hole and watervalve adjustments. Once milling and adjustments are complete, J-AAR Excavating will be placing 50mm of HL8 basecoat asphalt then 50mm of HL3 Topcoat Asphalt. Line painting and cleanup will follow.

**Thames Street South:** the contractor will be milling (removing) the existing top layer of asphalt on Thames St. South as well as completing maintenance hole and watervalve adjustments. Once milling and adjustments are complete, J-AAR Excavating will be placing 50mm of HL3 topcoat asphalt from Canterbury Street to Dufferin Street. Line painting and cleanup will follow.

**Ann Street:** the contractor will be placing 50mm of HL3 topcoat asphalt from Oxford Street to Thames Street South. As well as completing maintenance hole and watervalve adjustments. Line painting and cleanup will follow.

#### Note:

The Contractor and the Town of Ingersoll would like to ask all residents to have respect for the construction taking place. We would appreciate your assistance in keeping the construction zone safe for everyone, both during working hours and after the site is closed for the day. Should you notice any suspicious activity on the job site or around any of the equipment, please contact the OPP at **1-888-310-1122 (OPP Dispatch)**.

J-AAR Excavating will have all paving roads closed during working hours, and will be reopened nightly.

Under Town By-Law 19-5060, the Contractor is permitted to work between the hours of 7:00 a.m. and 8:00 p.m. J-AAR Excavating Ltd. has informed us that their normal hours of work are 7:00 a.m. to 6:00 p.m. This may vary in the evening depending on the type of work being performed or seasonal lighting conditions.

If you have any concerns regarding the project, please call the Town of Ingersoll's Engineering Department at 130 Oxford St., 2<sup>nd</sup> Floor, (519) 485-0120; or see the Town's on-site inspector, Noah Kennedy.
