PRESCHOOL 5 (3-5 years)

This level is designed for children aged 3-5 years. Advanced preschoolers at this level will engage in more adventurous activities, including a forward roll entry while wearing a life jacket and treading water for 10 seconds. They will focus on mastering the front and back crawl, swimming a distance of 5 meters, participating in interval training, and enjoying the fun of the whip kick.

SWIMMER 1 (5–13 years)

Swimmer 1 is the first level for children aged 5 and up who have never taken swimming lessons before or who are moving from the preschool program due to age, but have not completed Preschool 4/5. These beginners will become comfortable jumping into the water with and without a life jacket. They will learn to open their eyes, exhale, and hold their breath underwater. They will work on floats, glides, and kicking through the water on their front and back.

SWIMMER 2 (5–13 years)

These advanced beginners will venture into deeper waters, acquiring the skill of confidently descending sideways into the water while equipped with a lifejacket. They will develop the ability to stay afloat unassisted, master the whip kick, swim a distance of 10 meters on both their front and back, and be introduced to interval training for flutter kick (4 sets of 5 meters). This program is recommended for preschool 4/5 swimmers who are 5 years old.

SWIMMER 3 (5–13 years)

These junior swimmers will engage in diving and perform in-water front somersaults and handstands. Their training will include 15 meters of front crawl, back crawl, and 10 meters of whip kick. The flutter kick interval training is extended to 4 sets of 15 meters.

SWIMMER 4 (5–13 years)

These intermediate-level swimmers will cover a variety of skills, including a 5-meter underwater swim, lengths of front crawl, back crawl, whip kick, and breaststroke arms with breathing. The program also incorporates the achievement of the Canadian Swim to Survive® Standard, culminating in front crawl sprints covering 25 meters and 4 sets of 25-meter interval training

SWIMMER 5 (5–13 years)

These individuals will excel in shallow dives, cannonball entries, eggbeater kicks, and in-water backward somersaults. They will enhance their proficiency in front and back crawl through 50-meter swims each, as well as in breaststroke with a focus on a 25-meter swim. Subsequently, they will engage in 25-meter sprints and two interval training sessions: 4 sets of 50 meters for front or back crawl, and 4 sets of 15 meters for breaststroke.

SWIMMER 6 (5–13 years)

These proficient swimmers will embrace the challenge of mastering various aquatic skills, such as stride entries, compact jumps, and essential lifesaving kicks like eggbeaters and scissor kicks. They will focus on building strength and power through head-up breaststroke sprints covering 25 meters. Additionally, they will dedicate time to refine their strokes and engage in a comprehensive 300-meter workout.

STAR PATROL/ROOKIE/RANGER (5-13 years)

Swimmers will further refine their skills in front crawl, back crawl, and breaststroke, contributing to ongoing stroke development. Fitness levels will be enhanced through structured workouts and timed swims. Lifesaving Sport skills will be honed through activities like a lifesaving medley, timed object support, and rescue scenarios involving the use of a buoyant aid. First aid training will encompass the assessment of conscious and unconscious victims, contacting emergency medical services (EMS), and treatment for various situations including bleeding, shock, bone or joint injuries, and respiratory emergencies. Additionally, participants will acquire lifesaving skills such as defence methods, victim removal techniques, and the ability to roll over and support a victim face-up in shallow water.

PRIVATE LESSONS (3-13 years)

Private swimming lessons are well suited for individuals aged 3 to 13 years who may require adaptive teaching techniques.

PRIVATE LESSONS (14+ years)

Private lessons are one-on-one lessons ideal for those who want to improve on swimming skills or create their own swimming goals.

ADULT LESSONS (16+ years)

Whether you're just starting or want help with your strokes, our adult program is for the young at heart – no matter your age. Set your own goals. Work with certified instructors to learn to swim or improve your current swimming ability and water fitness. You'll develop water confidence and smooth, recognizable strokes. You'll work towards a 10-15 m swim on your front and back. You'll do jump entries from the side and recover an object from the bottom in chest-deep water. Improve your fitness and flutter kick with 4 x 9-12 m interval training.

Lifeguards are trained to prevent accidents, spot potential risks, and intervene before situations become life-threatening. They educate the public about how to be water smart during aquatic activities.

BRONZE STAR

The Lifesaving Society's Bronze Star develops swimming proficiency, lifesaving skills and personal fitness. Candidates refine their stroke mechanics, acquire self-rescue skills, and apply fitness principles in training workouts. Bronze Star is excellent preparation for success in Bronze Medallion and provides a fun introduction to the lifesaving sport.

BRONZE MEDALLION & BASIC FIRST AID

Bronze Medallion challenges the candidate mentally and physically. Judgement, knowledge, skill, and fitness – the four components of water rescue – form the basis of Bronze Medallion training.

Candidates acquire the assessment and problem-solving skills needed to make good decisions in, on, and around the water. Bronze Medallion is a prerequisite for assistant lifeguard training in Bronze Cross.

BRONZE CROSS

Bronze Cross begins transitioning from lifesaving to lifeguarding and prepares candidates for responsibilities as assistant lifeguards. Candidates strengthen and expand their lifesaving skills and start applying active surveillance principles and techniques in aquatic facilities. Bronze Cross emphasizes the importance of teamwork and communication in preventing and responding to aquatic emergencies. Bronze Cross is a prerequisite for advanced training in National Lifeguard and leadership certification programs. The same manual will be used for Bronze Medallion and Bronze Cross.

INTERMEDIATE FIRST AID (RECERTIFICATION)

Intermediate First Aid Recertification covers essential workplace first aid competencies, including CPR-C with AED certification for adult, child and infant, emergency scene management, recognition and management of life-threatening airway, breathing and circulation, and bleeding emergencies, identification and response to medical emergencies, and management of soft tissue and musculoskeletal injuries.

INTERMEDIATE FIRST AID WITH CPR-C & AED

Intermediate First Aid with CPR C & AED (formerly Standard First Aid) includes all aspects of Basic First Aid and provides additional comprehensive first aid training. Candidates demonstrate first aid care for anaphylaxis, shock, stroke, amputation, facial injuries, burn injuries, fractures and dislocations, neck or spinal column injuries, seizures, diabetic emergencies and environmental injury and illness. Includes CPR-C with AED certification for adult, child, and infant.

This is the prerequisite for the National Lifeguarding program and meets WSIB workplace standards.

NATIONAL LIFEGUARD INSTRUCTOR

This course provides candidates with the skills and resources necessary to successfully teach the National Lifeguard program, while also preparing instructors to apply advanced leadership competencies and strategies designed to train lifeguards. National Lifeguard Instructors are responsible for teaching and evaluating candidates participating in the National Lifeguard option(s) they hold (pool, waterpark, waterfront, and surf).

SWIM INSTRUCTOR

This program equips instructors with the skills to teach and assess fundamental swimming techniques. Participants gain expertise in effective teaching strategies, diverse stroke development exercises, and correction methods.

LIFESAVING SWIM INSTRUCTOR

This course enhances instructional abilities by emphasizing efficient planning and teaching in areas such as candidate instruction, water rescue, first aid and the development of lifesaving skills. Upon successful completion of the course, candidates receive certification as Lifesaving Instructor and Emergency First Aid Instructor.

NATIONAL LIFEGUARD COURSE

This is a comprehensive course aimed at providing participants with the necessary knowledge and skills to become effective lifeguards. Participants will gain a solid understanding of the fundamental principles that guide lifeguarding. Our instructors will emphasize the importance of developing good judgment and responsible attitudes towards lifeguarding. Participants will be trained in essential lifeguarding skills, how to effectively respond to different aquatic emergencies, and the principles and processes involved in making sound decisions during emergencies. This includes assessing the situation, prioritizing actions and evaluating risks. Participants will learn how to evaluate and adapt their lifeguarding skills to different types of emergencies and facilities. This could involve understanding the specific risks and challenges associated with each environment. By the end of the course, participants should have a strong foundation in lifeguarding principles, possess the necessary skills to respond effectively to aquatic emergencies and demonstrate responsible decision-making in their role as lifeguards.

Our Approach to Supporting Youth

The Fusion Youth Centre offers a wide range of activities for youth aged 10–18 inclusive in the Ingersoll and surrounding area. Included in a \$5.00 annual membership fee is access to drop-in programs, recreational spaces and special events.

All programs and services are delivered by competent and well trained staff, each with post-secondary education in a related field such as Recreation & Leisure, Child You Care or a specialized field (for example Audio engineering or graphic design). This allows your child to learn from experienced mentors with valuable experience in the program areas in which your child has in interest. We encourage all youth to try a wide variety of programs (some even out of their comfort zone) to help them discover new skills and interests. Although the variety of programs offered at Fusion is impressive, what is most important is the safety of the youth members while at the Centre. All Fusion staff work together to create an environment that is free of judgment, full of respect and fosters independence and empowerment.

Information for Parents

At Fusion, youth are priority one, but we desire closely with parents as well. We understand that it can be a new experience to allow your children to attend our facility, and you may have questions or concerns. There are several ways for parents to become comfortable and engaged with the programs & services that Fusion provides youth. We host regular open houses, and provide tours on the spot (no appointment necessary), or you can speak to staff or management by calling (519-425-4386) or emailing fusionfrontdesk@ingersoll.ca

At Fusion, one of our objectives is to develop mutually beneficial and meaningful relationships with member's parents and encourage parental involvement. We are currently in the process of developing programs that include parents/guardians. We also plan to create opportunities such as open houses, parent and youth programming, and information sessions. Our hope is that these opportunities will lead to increased parental support, as well as enhanced community relations.
